Subject: HFC Allowances and Requests to Trade or Transfer

Hello there, Cindy.

Here's hoping this note finds you happy and well. (Not sure if you'll remember me from my OECA days.)

In any case, I am writing to ask whether EPA is posting online any requests by HFC producers or importers to transfer or sell allowances under AIM. I assume in the future once the online trading system is up and running, those would be available in real-time.

For now, though, I'm interested to see if a company called iGas Holdings, Inc. has sought to transfer or sell allowances and what, if any, action EPA has taken on that claim. It's my understanding that any transfer or sale would have to be accompanied by a 5% reduction in the transferor's account. Is that correct?

Please let me know.

Thanks in advance.

Have a great weekend. Looks like the sun might peek through Sunday.

- Bern
